

# COLD WIND

## Icesailing Computer Training

### Keyboard - Funktion Keys

← → = steering (left - right)

↑ = pull the sheet

↓ = loosen the sheet

Space = get out of the DN, run and push

Crtl+F = fullscreen

### Tips

- view in the fullscreen mode
- start with slower windspeed
- enable stopwatch, position on ice and angles by mouseclick
- use the scale to find your position to the marks
- control your rounding time with the stopwatch
